

## SATA Council Nominations—2023—Councilor at Large

**Raymond M. Planinsic, MD FASA**

University of Pittsburgh School of Medicine and UPMC

Years of SATA Membership: Since inception, one of original Founding Fathers (2015)

Roles in SATA:

Member Fellowship Committee,

Co-Chair By-Laws Committee,

Invited in past for Panel Member to regional meetings

I have been a member of SATA since it was founded, helped in its initial organization as one of the Founding Fathers. I have witnessed the growth and success of SATA's mission, presence and influence in the Transplant Anesthesiology world. I bring a depth of experience and knowledge in the field, and experience in teaching and educating the future leaders of our specialty. As a Councilor Member, I hope to contribute to continued growth of SATA, assist in member recruitment and become more involved in organizing regional and national meeting, for which I have an extensive experience at.
